

*PROTOCOL SUMMARY FORM*  
(Please use a separate sheet for each proposed use)

Licensee: \_\_\_\_\_

DATE: \_\_\_\_\_

1. Radionuclide:
2. Chemical and Physical Form:
3. Substance is volatile: **yes no**
4. Procedure will be performed at standard temperature and pressure: **yes no**
5. Protocol: Provide a brief description of the procedure. Also include information on chemical and physical form generated, any special equipment used to handle, shield or contain the radioactivity, and unusual hazards associated with the procedure.
6. Total Activity Per Experiment:
8. Frequency of Experiment:
9. Comments:
10. Mixed hazardous waste or unusual waste stream will be generated: **yes no**  
(i.e., any chemical, biological, or genetically hazardous material mixed with radioactive waste)
