Principal Investigator Laboratory Safety Assurance & Chemical Hygiene Work Plan

Principal Investigator Name: ________________________________

Lab Rooms: _____________________________________________

My lab is in compliance with Penn’s Chemical Hygiene Plan. My staff conducts their work in compliance with the Standard Operating Procedures and Fact sheets and other lab safety practices detailed in this document. The following Standard Operating Procedures apply to my laboratory:

<table>
<thead>
<tr>
<th>Acutely Toxic Chemicals</th>
<th>Corrosive Liquids</th>
<th>Pyrophoric Chemicals</th>
<th>Water Sensitive Chemicals</th>
</tr>
</thead>
<tbody>
<tr>
<td>Acutely Toxic Gases</td>
<td>Cryogens &amp; Dry Ice</td>
<td>Reactive Solids</td>
<td>Animal Inhalation Anesthetics</td>
</tr>
<tr>
<td>Carcinogens</td>
<td>Flammable Liquids</td>
<td>Reactive Liquids</td>
<td>Electrical Safety</td>
</tr>
<tr>
<td>Compressed Gases</td>
<td>Oxidizing Chemicals</td>
<td>Reproductive Hazards</td>
<td></td>
</tr>
</tbody>
</table>

Safety Assurance

My lab staff wear lab coats and safety glasses while in Penn laboratories. Additional protective equipment (such as but not limited to disposable nitrile or chemically resistant gloves, and face shields) is used depending on specific lab activities. My designee or I review the need for and provides these items at no charge to lab staff. My lab maintains a written record of this evaluation.

No eating, drinking or storage of food is permitted in my laboratories, equipment corridors or cold rooms.

Safety training is current for all lab staff. My designee or I ensure all staff receive appropriate training.
